Christian Stenner

Christian Stenner is an explorer and citizen scientist who is investigating caves, volcanoes, mountains, glaciers and where those environments intersect. He holds a Master of Science in Organizational Resilience and has been a corporate security and crisis management professional for 23 years. Stenner has been recognized as a National Geographic Explorer, a Fellow of the Royal Canadian Geographical Society and as a Fellow of the Explorers Club. He has appeared on Discovery Channel, CBC's The Nature of Things, in National Geographic, and regularly writes for Canadian Geographic. He is active in the Alberta Speleological Society, Speleo Canada, and the International Union of Speleology commission on volcanic caves.
