

Heather Cullen

Heather Cullen is currently the Executive Director for the Regional Operations in the Mines Competitiveness and Authorizations Division in the Ministry of Energy Mines and Low Carbon Innovation.

Heather has worked in the Mines Divisions of the Ministry since 2012, formally as the Regional Director for the North Central/Northeast Region. Heather is a professional forester and project manager who has worked in several natural resource agencies for over 3 plus decades. She draws on this wide range of experience to drive initiatives that improve organizational effectiveness and service to the sector.

Heather has lived in Prince George her whole career and found it to be a great home base to raise a family and enjoy a balanced lifestyle. That said, she has a province wide perspective on the improvement initiatives she is working on.
