

Thank you to our 2023 KEG Virtual Lecture Series Sponsor

JOHN THOMPSON

John partners in a consulting business in Vancouver, BC, focused on exploration, mining, innovation and sustainability. He combines academic experience – Honorary Professor of Sustainable Resources, University Bristol and prior positions at Cornell University and the University of British Columbia, and industry experience – 35 years in mining and exploration. John has held diverse leadership roles in many organizations – Teck Resources, MDRU-UBC, Genome BC, World Economic Forum, Society of Economic Geologists, Geoscience BC and Canada Mining Innovation Council. He is a director of KoBold Metals and MineSense, a co-founder of Regeneration, and has roles in other exploration, technology, venture capital and research organizations.
